Grass-Fed Beef

We are now taking reservations for bulk orders of grass-fed beef for delivery in the fall of 2021. **Orders and deposits are due by March 31st.** *Payment plans are available.*

Side of Beef, \$6.50 per pound (on the hanging weight)

The first option for bulk ordering beef is a whole side of beef, custom cut, for \$6.50 per pound on the hanging weight. (Note: the finished cut weight will be 30-40 percent less than hanging weight, depending on how you fill out your cut sheet and how much bone and fat is discarded by the butcher.) For example: a 300-lb side of beef would cost \$1,950. It would yield about 180-210 pounds and require about 9 cubic feet of freezer space. Sides of beef can range from 250-350+ lbs.

While we will do our best to match you with your preferred size, we cannot guarantee a specific weight. The deposit to reserve a side is \$650 and the final balance will be due at delivery.

Beef Sampler Package, 45-50 lb., \$11 per pound

The second option for bulk ordering beef is a beef sampler package, containing approximately 20 packages of ground beef, three rib steaks, two NY strip steaks, one package of tenderloin medallions, one top sirloin steak, one sirloin tip steak, one chuck roast, one round roast, and 6-8 lbs. of utility cuts (stew meat, soup shank, short ribs). It will require about 2 cubic feet of freezer space. The deposit to reserve a sampler package is \$200. The balance will be due at delivery in the fall and will be calculated based on the weight of the package.
